

April 15-22, 2007

**Participate in the single, largest
environmental education event in U.S. history**

National Environmental Education Week will involve thousands of educators and millions of students. It will enhance the educational impact of Earth Day and create a full week of environmental education preparation, learning, and activities in K-12 classrooms, nature centers, zoos, museums, and aquariums.

National Environmental Education Week is coordinated by the National Environmental Education & Training Foundation in cooperation with hundreds of outstanding environmental education organizations, education associations, state and federal agencies.
